BRITISH KHAKI
by Robert Lighton

British Khaki presents it's Anglo-Indian Collection. Original designs inspired by the style of the British Raj. The furniture is hand made from the reclaimed timbers of old buildings. Our artisans work in the south of India using traditional tools and methods. The joinery is mortise and tenon through-out. We hand rub our furniture with shellac to enhance the beauty of the wood, and oil to protect and provide a durable finish. Each piece is truly unique.
